

Welcome to Otterburn

Heating: Otterburn has new eco electric heaters. **Please consider the environment turn off heaters when you leave the house. Best not to use the timer function, just switch the heaters on and off when required.** The house warms up quickly thus please do not leave the heating on when you are out of the house. Consider the environment.

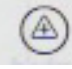

1. Switch on heater, using the mains switch beside the heater. (FR = free use mode)

2. Press  to increase the target temperature

3. Press  to decrease the target temperature

4. Switch heaters on and off at the mains as required.

5. Please do not leave the heating on when you are out of the house.

6. Pressing  and  at the same time unlocks the heater if the key symbol is displayed

Full radiator manual is in the manual folder.
